\*An APRC (Annual percentage rate of charge) takes into account all of the costs of a loan and allows you to compare different mortgage offers, including those from other lenders  
\*\*Bank of England Base Rate, currently 4.50%

### Representative example:

For a repayment mortgage of £204,559 over a 25 year term, you will make  
24 monthly repayments of £1,212.58 at 5.14% fixed until 30 June 2027. This will be followed by a further:  
276 monthly repayments of £1,554.50 a month at the Homeowner Variable Rate, currently 7.99% for the remainder of the term.  
The total amount payable would be £458,143.92, made up of the loan amount plus interest (£253,584.92).

### The overall cost for comparison is 7.9% APRC Representative.

Your first monthly payment will be higher as it includes interest from the date the funds are released as well as the monthly repayment.
